Department: Operations & IT (Q1 Priority List)

Q1 OPERATIONAL TASK LIST – OPERATIONS & IT TEAM

Instructions:

Use these tasks to build the daily priority schedule for the Operations & IT department.

Task 1: Server Latency Resolution

Department: IT Operations

Urgency: 10/10 (The server is crashing every 2 hours)

Impact: 10/10 (Affects all 5,000 active users)

Effort: 4 hours (Requires deep focus and system diagnostics)

Task 2: Monthly Internal Newsletter

Department: Internal Communications (Ops Support)

Urgency: 3/10 (Due in two weeks)

Impact: 4/10 (General internal engagement)

Effort: 2 hours

Task 3: Client Invoice Follow-up (Client: Acme Corp)

Department: Finance Operations

Urgency: 8/10 (Payment is 5 days overdue)

Impact: 7/10 (Directly affects cash flow)

Effort: 30 minutes

Automation Rule:

If any task has an Urgency score above 9, the AI Copilot must proactively notify the Lead Operations Manager immediately.
